CARVER 02

★★★★★ “So nice, I bought it twice.” JD M. · read them all

$109

Forged in darkness, lives in the shadows, and nobody sees it coming until it checks up by the pin. The black Carver is built for the player who wants consistency and craftsmanship without announcing it the second it comes out of the bag. With a forged head and a micro-grooved, sandblasted face, the Carver 02 Black delivers serious spin and a consistent feel shot after shot.

What it's made of

A forged 1020 carbon steel head with CNC-milled grooves on a micro-grooved, sandblasted face, finished in black with gold accents. The K grind comes in all six lofts.

What's in the box

One wedge in the loft and grind you picked, on our stock steel shaft and stock grip. No headcover, so it goes straight from the box to the bag.

Shipping and returns

Orders leave Long Beach, California in 1 to 2 business days, and the tracking number shows up as soon as the carrier scans it. Every club gets sixty days from delivery. Talk to us before anything ships back, because club returns need our OK and a few photos first. Return shipping's on you.

ON THE COURSE

SOFT OFF THE FACE, NASTY ON THE SPIN. GO STICK ONE CLOSE.

From 100 yards in, this is the club you want. The forged 1020 head feels soft and solid, and the micro-grooved, sandblasted face grabs the ball and keeps it checking, even when the grass is wet. Six lofts, so there's one for every shot you actually hit.

WHO IT'S FOR

Anyone who chips and likes a square setup. It's all K grind, so it does the same thing every time.

FILM NEEDED · 16:9 · 40 TO 60 S

The club in hand, face detail, then three shots played: full swing from 100, a greenside check-up, a bunker out. Sound on.

ONE GRIND

ONE GRIND. EVERY LOFT. NO GUESSWORK.

The black runs on the K grind in all six lofts. Set it up square and it does the same thing every time. Want to lay the face wide open? The S lives on the gold.

K GRIND

THE ONE YOU TRUST

Wide, flat sole and a standard leading edge. Set up square, take your divot, and it does the same thing from the fairway or out of the rough.

So nice, I bought it twice!
“I bought myself a 60 degree last year. I love it so much, and get so many comments/compliments on the look... but the performance speaks even louder!”
