$209

Your 4-iron's retirement plan. The Stryker is a titanium hybrid that launches high and easy from the fairway, the rough and anywhere else you end up. The Flex Channel face keeps the ball flying on the strikes you don't catch pure, and the Glide Sole cuts through the rough like it isn't there. Long approaches just got a lot less scary.

What it's made of

Titanium head with a Flex Channel face and a Glide Sole, 19° at 40.5 inches, on a stiff flex shaft. Brushed satin gold face, mirror gold sole, and a gloss black crown with a gold starburst.

What's in the box

One hybrid on the stiff flex shaft and our stock grip. No headcover in the box.

Shipping and returns

Orders leave Long Beach, California in 1 to 2 business days, and the tracking number shows up as soon as the carrier scans it. Every club gets sixty days from delivery. Talk to us before anything ships back, because club returns need our OK and a few photos first. Return shipping's on you.

ON THE COURSE

HIT IT FROM ANYWHERE.

Nineteen degrees covers the number that's too long for your irons and too short for a wood. The titanium head and Flex Channel face keep the ball speed up when the strike's a little low, so the long approach stops being a guess.

FILM NEEDED · 16:9 · 40 TO 60 S

16:9, 40 to 60 seconds. Address view, face detail, then three shots: off the deck, out of the rough, and off a tee on a long par three.

★★★★★

“I really like this hybrid. I'm still getting used to hitting it but I played it last night and what a beautiful sound it made when I struck it right!”
